

Enjoy your cabin visit! 😊

*It's courteous to leave a cabin
in better condition than when you arrived.*

- ✓ Please enter your **name, date**, and other information in the **cabin register book**.
- ✓ **Heating.** Transporting firewood to the cabins is expensive, and storage is limited, so please **use the wood only to heat the cabin**. Don't use wood to campfire outside.
- ✓ **Cooking.** Propane burners are the standard cookers in all mountain cabins. Before lighting the burner, turn the gas control valve to the "Open" position. **Remember to always turn it "Off"** after you've finished.
- ✓ Please help us keep the cabin and surrounding area tidy and clean - **bring all trash, equipment and food with you when you leave**.
- ✓ Before leaving, you should **wash** all cutleries, dishes and countertops used, as well as the cabin floors. Insufficient cleaning will result in a fee of NOK 2 500,-
- ✓ Please **inform** us of any damage to the cabin or inventory, or if there lacks equipment such as firewood, crockery, cutlery, candles, inadequate cleaning or trash.
- ✓ Remember to **close all windows and lock the door** when you leave!
- ✓ **Keys.** If a key is lost, both the key and the lock must be replaced. The person who lost the key is responsible for the costs. A fee of NOK 5 000,- will be charged.

Rental of our cabins depends on everyone to take their share of responsibility for cleaning.

Remember that it should be nice to come here for new guests as well.

**WE WISH YOU ALL
A PLEASANT STAY!**
